

The SISKIYOU ASSOCIATION OF REALTORS®, in line with our organization's Mission and Vision, is committed to making our website accessible to everyone. At this time, we recognize that not all areas of our website may be sufficiently accessible to some of our visitors.

We further recognize that some of our functionality and the associated content is complex, has contractual implications and, even with best efforts and intentions, may not be effective when used with screen readers or other devices. Given that our goal is to provide a website, content and functionality that is broadly accessible, we invite anyone requiring specific accommodations to contact our Association Executive, (530) 927-5803, siskiyuaor@gmail.com, who will work with you to provide an effective accommodation.
